### CAPSYS PARTNER PROGRAM

The CAPSYS Partner Program is available from CAPSYS to meet the unique needs of systems integrators, value-added resellers (VARs), consultants and vertical specialty companies that want to incorporate Web-based, distributed document capture process management software to their valued clients. CAPSYS® CAPTURE™ is a leading Web-based distributed document capture solution that helps businesses acquire and process documents from their source efficiently and effectively.

The CAPSYS Partner Program provides you with the information, technology and support needed to solve the complex distributed capture needs of your clients while growing your business profitably. Profits are generated from software margins, professional services, product support and on-going customer satisfaction.

The CAPSYS Partner Program is a working partnership between CAPSYS and its partners located around the globe. We build partnerships based on mutual trust, respect for each other's business goals and focus on the client's success. The advantages of the CAPSYS product set coupled with the partner's value-added offerings and services creates a powerful, winning combination. CAPSYS is committed to the success of our partners – our channel is a vital part of our business and the primary method by which we distribute our products to end-users. In summary, we deliver the highest-quality products backed by the industry's most dedicated technical and customer support groups.

The CAPSYS Partner Program is tailored to several distinctive types of organizations.

The CAPSYS Partner Program categories are:

#### CAPSYS CAPTURE Features...

- Fully-functional, Web-based Thin Client Document Capture
- Configurable, Graphical Capture Workflow
- Powerful Capture and Indexing Features
- Simple Concurrent Usage Licensing Model (no page or click counts!)
- Simplicity and Ease of Use
- Provided as a SaaS or as an On-premise Purchase

- ◆ **Solution Providers** – Companies that are certified to sell, implement and support CAPSYS products. Solution Providers will be awarded margins and joint marketing funds based on their CAPSYS product sales volume. CAPSYS Solution Providers are vertical specialty companies, VARs, consulting services organizations or systems integrators who provide enterprise document capture and content management solutions.
- ◆ **Authorized Consultants** - Companies that are certified by CAPSYS to provide implementation and professional services to clients in concert with an authorized Solution Provider or directly with CAPSYS. In many cases, Authorized Consultants are impartial consulting or systems integration firms who are primarily focused on providing professional and consulting services to clients.
- ◆ **Referral Partners** – Companies that refer sales opportunities to CAPSYS in return for a “finders fee”.
- ◆ **SaaS Partners** – Companies that provide SaaS and managed services/hosting. These companies provide CAPSYS products on a “subscription” basis in the SaaS service delivery model.
- ◆ **Authorized Developers** – Skilled software development companies that provide add-on applications for CAPSYS' products.
- ◆ **OEM Partners** – Companies that incorporate CAPSYS products into their own unique product offerings under their own brand.

## WORKING WITH CAPSYS

CAPSYS is committed to the success of our partners. Our sales organization and related incentive plans have been structured to maximize our opportunity together. Dedicated resources are available to provide pre- and post-sale support services required to excel at selling CAPSYS solutions.

The three major complementary roles in our sales organization are:

- ◆ **Channel Development** – The CAPSYS Channel Development team is responsible for the overall development of the CAPSYS Partner Program. Through a close working relationship with CAPSYS partners, specific programs and incentives are constantly being launched, updated and re-evaluated for continuous improvement. This would include demand generation programs, sales incentives, product promotions, partner training, pre- and post-sales support programs and other initiatives that improve the overall effectiveness of CAPSYS partners.
- ◆ **Market Development** – The CAPSYS business development team qualifies and rates every lead generated by the company's extensive demand generation programs. This ensures that leads provided by CAPSYS, to supplement your marketing efforts, will be clients that will be actively involved in a buying decision. Joint marketing funds are also available.
- ◆ **Sales Support** – CAPSYS's sales support team is available to provide assistance to partners in answering questions about CAPSYS products, pricing, references, etc. CAPSYS sales engineers are available to provide technical sales support services in the areas of needs assessment, requirements analysis and in-depth demonstrations.

CAPSYS CAPTURE is the first fully functional Thin client capture and process management application

- 📄 *100% True Web Application*
- 📄 *TWAIN Scanner Support*

- 📄 *Workflow Queue Access*
- 📄 *OCR/ICR Verification*

## ABOUT CAPSYS

CAPSYS® is the leading developer of Web based document capture software. The company's flagship product, CAPSYS® CAPTURE, can easily and efficiently capture documents from anywhere at any time around the world in a safe and secure environment while eliminating the cost and complexity of supporting additional IT hardware and software environments.

CAPSYS solutions are offered both as a Software as a Service ("SaaS") hosted in the convenience of our secure data center or as a traditional "on-premise" purchase. To learn more about us, our partner program or about our proven products, please call 877-322-7797 or visit [www.capsystech.com](http://www.capsystech.com).
